Company

Hawk IVO GmbH, Schafäckerlein 23, 91413 Neustadt an der Aisch, Germany

Products at a glance

Hawk IVO Force

Agents, skills and knowledge for controlled digital workflows, also as a white label for software vendors.

Hawk IVO Plan

Planning logic, rules and optimization for operational planning.

Hawk IVO Scheduler

High-performance library that displays time, resource and hierarchy plans with millions of objects in the browser.

For users and software vendors

The products support work in companies' own operations. Software vendors bring Hawk IVO Force agents into their software as a white label and display large planning views with the Hawk IVO Scheduler library. Features and scope of delivery are agreed for each use case.
